

This diagram shows an exploded view of a bearing assembly. It includes a square housing with a circular bore, a shaft with a key, and a bearing. The bearing is shown in two positions: one fully seated on the shaft and another partially seated, illustrating the assembly process. The housing has four mounting holes, and the shaft has a keyway.

- 1、锐边, 孔口倒角C1;
- 2、表面无明显划痕, 磕碰;
- 3、未注公差按GB/T1804-f级执行;
- 4、轴承运转顺畅, 无卡滞。
